Dear Representative,

I am a survivor of an automobile accident. My accident was in 2004. I have been receiving medical and therapy services since then. If SB 293 and SB 294 were passed I would lose all my benefits and housing. I would not be able to afford all the medical bills and housing payments each month. With the support of Auto No Fault insurance I have made many tremendous strides in my recovery. I hope to carry on with the help of Auto No Fault, which will help me to survive and eventually my goal is to be on my own. I want to be able to take care of myself! It's very upsetting not knowing what the future might bring. Please say NO to HB 4936.

Sincerely,

Melanie Murphy
